

Workforce Opportunity Series: **Tips to Hold onto Your Land**

Achieve generational resiliency and wealth through education, technology, and thought leadership.

Mavis Gragg, CEO of HeirShares, will discuss building generational wealth and resiliency through education, technology, and thought leadership. Dr. Umesh Chaudhari, Technical Manager at the American Carbon Registry, will share his expertise on forest carbon credit projects.

Mavis Gragg, CEO of HeirShares

Mavis is an attorney and conservation professional with nearly 20 years of experience, dedicated to empowering generational, family real estate owners with the knowledge and tools to sustain ownership and stewardship of their land. A 2024 Loeb Fellow at the Harvard Graduate School of Design, she previously directed the eight-state Sustainable Forestry and African American Land Retention Program and managed The Gragg Law Firm, PLLC.

Dr. Umesh Chaudhari, Technical Manager at ACR

Dr. Chaudhari provides technical expertise to support forest carbon credit projects in the voluntary and California compliance markets. Prior to joining ACR at Winrock International (ACR), Dr. Chaudhari was an Assistant Professor of Forestry at Abraham Baldwin Agricultural College (ABAC).
